2023 Palliative Care Summit: Listening, Learning & Leading

*Summit support is more than just financial support.
It truly is a shared commitment to success!*

As a supporter of California's premier palliative care conference, your organization is viewed as a leader in the mission to change patient-centered care for all seriously ill Californians. Your organization's name will be recognized leading up to the Summit and throughout the two-day event.

With more than 400 attendees expected, your organization will be recognized by healthcare administrators, doctors, nurses, physician assistants, social workers, educators, chaplains, and engaged patients dedicated to making palliative care a standard part of treatment for seriously ill adults and children.

From executive level leadership to front-line practitioners, participants are committed to sharing and learning best practices for creating meaningful and engaging patient experiences to improve care for patients nearing the end of life.

Support of this premier conference will promote your organization and raise your exposure among major thought leaders devoted to changing the culture of healthcare for everyone.

The Coalition for Compassionate Care California (CCCC) is engaging with the California Health and Human Services Agency, Office of Systems Integration, to provide subject-matter expertise to assist the State with research and planning for the implementation of a statewide electronic POLST (ePOLST) Registry.

Potential solution providers who may wish to bid on future procurements related to the ePOLST Registry Project should be aware of California's conflict of interest laws, which include, but are not limited to, the Political Reform Act (Government Code section 81000, et. seq.); Government Code section 1090, et. seq.; Government Code section 87400, et. seq.; and Public Contract Code section 10365.5. Potential solution providers should consult with their legal counsel to determine the applicability of these laws and provisions and potential conflicts that could disqualify them from State procurement opportunities.
